## Desktop Braille Production

INDEX  
BRAILLE

**Braille Maker**  
for Windows

**Braille Maker**  
Professional

**The Route to Instant Braille Production**

**The Wise Choice**

We now supply the full range of Index Braille embossers, acoustic cabinets and accessories. We provide repair and upgrade services and carry a large selection of spare parts to minimise turnaround times

## Index Basic S and D

The Basic is available in two versions. The Basic S provides single sided Braille on tractor fed continuous Braille paper. The Basic D has all the features of the Basic S with the addition of double sided Braille.

Other features include: -

- ♦ speech guided user interface with keys labelled in Braille and print
- ♦ Parallel, Serial, USB and network interface
- ♦ Modern, stylish design
- ♦ 170 pages per hour\*\* - Basic S
- ♦ 340 pages per hour\*\* - Basic D
- ♦ Graphics mode
- ♦ 6 or 8 dot Braille
- ♦ Uses 120-200 g/m<sup>2</sup> tractor fed paper \*\*

The Basic models represent a good entry level embosser, ideal for home, school, college or business.

# EVEREST

Braille Embosser

The Everest embosser provides double-sided Braille using cut sheets of A4 paper

- ◆ speech guided user interface with keys labelled in Braille and print
- ◆ Parallel, Serial, USB and Network interface
- ◆ 340 pages per hour \*\*
- ◆ Graphics mode
- ◆ 6 or 8 dot Braille
- ◆ Uses 100-180 g/m<sup>2</sup> cut sheet A4 paper \*\*

The 4 X 4 Pro can produce double-sided Braille on A3 paper. The pages are embossed to enable the Braille to be folded into a book format. Price excludes acoustic cabinet.

## 4X4 PRO

Braille Embosser

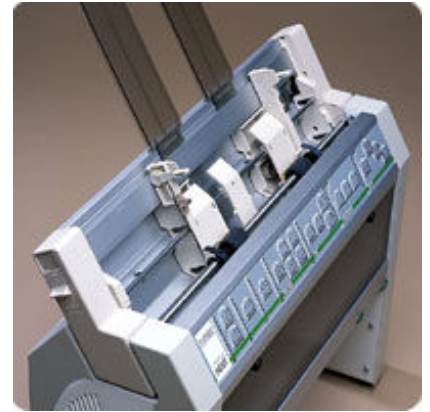

- ◆ speech guided user interface with keys labelled in Braille and print
- ◆ Parallel, Serial, USB and Network interface
- ◆ 380 pages per hour \*\*
- ◆ 6 or 8 dot Braille
- ◆ Uses 100-180 g/m<sup>2</sup> cut sheet A3 paper\*\*
